Education

Yeshwantrao Chavan College of Engineering, Nagpur
B.Tech — Electronics Engineering | Honor: VLSI Design
St. Paul School, Nagpur
Class XII

2022 – 2026
CGPA: 8.64
2021 – 2022
77.5%

Skills

Languages Python, JavaScript, C/C++ , HTML, CSS, SQL
Concepts Machine Learning, Deep Learning, Generative AI, LLMs, DSA, OOP
Frameworks Flask, FastAPI, React, Vite, Node.js, Express.js
Tools VS Code, Google Colab, Anaconda, Ollama, MySQL, Git, GitHub, Postman
Libraries OpenCV, TensorFlow/Keras, Scikit-learn, face-api.js, Tkinter

Research Publication

IEEE ICETEMS 2026 — Paper Presentation **Mar 2026**
– Presented “*Sign Language Translator using ML Algorithms on RGB Color Space*” at the **3rd International Conference on Emerging Trends in Engineering and Medical Sciences**, IEEE Maharashtra Section, YCCE.
– Demonstrated RGB color space superiority (90% accuracy) over Greyscale (~40%) and HSV for real-time ASL recognition using CNN + YOLOv8.

Projects

CodeFix – AI Autonomous Debugger **2026**
– Built an AI-powered online IDE with autonomous debugging for 10+ programming languages.
– Integrated Ollama, Flask APIs, and CodeMirror for fully offline AI-assisted code fixing.
– Developed live stack-trace analysis with Explain/Fix workflow and one-click patch generation.
– Added sandboxed multi-language execution using Piston API with real-time error navigation.

AI Mail Assistant **2026**
– FastAPI + Ollama (llama3.1) email/WhatsApp automation with AUTO/HUMAN classification, AI reply generation, and Approval Center — **100% local inference**, zero cloud AI cost.
– Gmail OAuth2 (Google Cloud Console) + Twilio WhatsApp integration; 4-layer architecture (api / services / models / utils); AI Agent Signature on every generated reply.

ResumeAI — ATS Resume Analyzer  **Live**
– Dual AI engine (Groq Llama 3.3 70B + Ollama local); 5-tab dashboard (ATS Scoring, Domain Review, Improvements, Project Ideas, Abilities); real-time streaming output.
– Zero-build React 18 via Babel Standalone; multi-format parsing (pdf.js, Mammoth.js, Tesseract.js OCR); no backend, no npm.

Internships

AI/ML Intern — Prevoyance IT Solutions Pvt. Ltd. **Jan 2026 – Present**
– Worked on real-time computer vision projects: sign language recognition and violence detection using CNN, YOLOv8, and OpenCV (**90% live inference accuracy**).
– Handled dataset preprocessing, model evaluation, hyperparameter tuning, and GUI integration.

Machine Operator Intern — Raj Food Machine **1st Year (2022 – 2023)**
– Gained hands-on exposure to automated food processing machinery, basic electronics, and industrial operations during a first-year internship.

Certifications

– **Claude 101** — Anthropic, 2026 — **AI Appreciate & AI Aware** — Intel AI For All × Digital India / CBSE, Feb 2026
– **Generative AI for Beginners** — Simplilearn SkillUp, Apr 2026

Achievements & Activities

– **Kaggle Datasets Expert** — Rank **316 / 9,093** worldwide (Top 4%); 2 Silver + 1 Bronze medals; 36+ upvotes (Global LLM Catalog, 25K Animation Movies Dataset).
– **Chrome Web Store Publisher** — Published TimeMark (YouTube timestamps) and BalanceTab (new-tab productivity dashboard) extensions.
– **Event Head, RoboRace** — Led RoboRace at ICON (Annual College Fest), YCCE; managed logistics and participant coordination.
– Nagpur District Level Chess Player; represented at State Level (Class 8).
